Training mode

Enable training mode if you're new to Lightspeed Retail and want to learn the ropes. You'll be selling like a pro in no time.

Enable training mode

Quick keys

Assign products as quick keys to help process sales faster. Rename, reposition and recolor keys, or organize your buttons into folders and pages.

Enable quick keys for this register

Toggle the switch to enable your Quick Keys for your register. You can turn this back on at anytime without losing your settings
